The logo consists of the letters 'SM' in a bold, sans-serif font, colored yellow, set against a white square background which is itself centered within a larger yellow square.

SKILLS

React.js, Ruby/Rails, Python/Django, Basic/Visual Basic, JavaScript/Node.js, Redux, SQL, Git, HTML5, CSS3

PROJECTS

highARglyphs

[Live Site](#) | [Github](#)

A Brainscape-inspired app built with Rails and React/Redux

- Implements custom CRUD functionalities for variable create, update, deletion of cards
- Creates a speech recognition feature for improved accessibility and UX
- Integrates AR.js JavaScript augmented reality library for upload and study of 3D flashcards

MonkeyKingGame

[Live Site](#) | [Github](#)

A cute sidescroller for kids featuring the Monkey King flying in cloud heaven.

- Animation of sprites in canvas, JavaScript, and HTML5 without extensive game library support.
- Demonstrates an ability to merge retro and cutting edge game design while maximizing gameplay

DOMQuery

[Live Site](#) | [Github](#)

Vanilla JavaScript implementation of jQuery library

- Code intensive project demonstrates DOM manipulation in vanilla JavaScript
- Dynamically rendering DOM content without jQuery
